## MRS. PARKER SEEKS REDRESS IN COURT.

## Charges Her Husband With Inhuman Treatment and Asks Alimony.

Mrs. Nellie E. Parker yesterday filed suit in the circuit court for divorce from her husband, Captain E. P. Parker, on the ground of cruelty and failure to provide. The complaint recites that defendant has treated plaintiff in a cruel and inhuman manner; that for several months he has refused to provide for the support of plaintiff and her minor children; that he threatens to exile plaintiff from his home and to sell the furniture. On October 22, the complaint says, defendant attacked plaintiff and beat her in a cruel manner. The court is prayed for an order dissolving the marriage, requiring the plaintiff to provide her with a sufficient sum to prosecute the case and with \$500 with which to secure medical attendance. The court was also asked to restrain defendant from interfering with plaintiff, or from selling any of the property. The defendant is alleged to be worth \$20,000, and the court is asked to apportion alimony which may seem just. Upon the request of Messrs. Fulton, attorneys for Mrs. Parker, Judge McBride yesterday made an order requiring the defendant to pay to plaintiff within 15 days the sum of \$100 with which to carry out the suit, \$75 to be used in the support of plaintiff and her minor children, and \$40 on the first day of each month thereafter for the same purpose until further order from the court. Captain Parker is also required to provide \$30 for medical fees. The defendant in the suit is likewise restrained from interfering in any way with the plaintiff, or from disposing of any property until permission is extended by the court. The suit grows out of the brutal treatment received by Mrs. Parker at the hands of her husband some days ago. She was seriously injured and there is some question as to whether or not she will recover from the effects of the chastisement. Parker is at present under \$3000 bonds to appear before the circuit court for trial on a charge of assault with intent to kill. The offense is a very serious one.

## TWENTY MILLIONS FOR THEATERS.

It is estimated that the American people paid \$20,000,000 for its theatrical entertainment last season, and while it may be possible to estimate the amount spent in this way it is impossible to estimate the amount spent annually in search of health. Ocean voyages, change of climate, and many other things are suggested but even these often fail. The stomach is the foundation of good health. If yours is weak or disordered and you suffer from indigestion, dyspepsia, constipation, biliousness, nervousness or insomnia, you need Hostetter's Stomach Bitters at once. It is the best medicine in the world for restoring the stomach to its normal condition. Good health is then sure to follow. Try it and be convinced. Avoid substitutes and imitations.

After my first baby was born I could not seem to regain my strength, although the doctor gave me a tonic which he considered very superior, but instead of getting better I grew weaker every day. My husband came home one evening with some Wine of Cardui and insisted that I take it for a week and see what it would do for me. As he seemed to have so much faith in it I did take the medicine and was very grateful to find my strength slowly returning. In two weeks I was out of bed and in a month I was able to take up my usual duties. I am very enthusiastic in its praise."
